

SHEETAL KIRJAWALEKAR

Techno-functional Business Analyst | Immediate Joiner

shitalkirjawalekar@gmail.com · +91 76203 39297 · Pune, Maharashtra · linkedin.com/in/shitalkirjawalekar · DOB: 07/11/1992

PROFESSIONAL SUMMARY

Techno-functional Business Analyst with 3+ years of experience across finance, banking, and IT domains. Expertise in end-to-end requirement gathering and analysis, BRD/FRD documentation, UML/BPMN modelling, and stakeholder management. Hands-on experience in Agile (Scrum), UAT, and end-to-end documentation. Skilled in SQL, Power BI, Tableau, JIRA, and Draw.io — with a strong ability to translate business needs into functional solutions.

PROFESSIONAL EXPERIENCE

Business Analyst — Techno Cipher IT Solutions

Mar 2023 – Present

- Led end-to-end requirement gathering & analysis across banking, finance, IT, ERP and Legal IT portfolios via stakeholder meetings, workshops, interviews and brainstorming sessions.
- Translated business requirements into BRD, FRD/FSD, SRS documents, user stories, use cases, workflows and acceptance criteria for development and testing teams.
- Performed gap analysis, impact analysis, root-cause analysis and solution evaluation to identify process improvements and optimise operations.
- Supported AI, RPA automation and chatbot initiatives by identifying manual processes and recommending system enhancements.
- Designed UML diagrams (Use Case, Activity, Sequence, Class) and BPMN process flows; created wireframes & prototypes in Figma, Visio and Draw.io.
- Managed product backlog in JIRA — epics, user stories, acceptance criteria, story-point estimation and sprint tracking; active in all Agile/Scrum ceremonies.
- Maintained Requirement Traceability Matrix (RTM) from elicitation through deployment; supported UAT with test scenarios, validation and defect tracking.
- Performed API testing using Postman to validate integrations, chatbot interactions and end-to-end data flow.
- Conducted data analysis using SQL & Excel for validation, reconciliation, reporting and KPI tracking; ensured compliance and audit readiness.
- Handled change requests, risk identification and issue resolution; monitored KPIs to support continuous improvement.

Business Development — Neilsoft Ltd, Pune

Jan 2022 – Aug 2022

- Engaged corporate clients to understand engineering workflows and digital transformation needs across CAD, BIM and Bluebeam Revu solutions.
- Conducted requirement gathering & workflow analysis sessions; delivered solution-oriented consulting with sales, technical and delivery teams.
- Ran quarterly business reviews to evaluate challenges, identify optimisation opportunities and support renewals & upselling.
- Supported pre-sales: presentations, demos, requirement discussions and solution positioning; assisted clients in evaluating ROI.

KEY PROJECTS

Healthcare Plus — Healthcare Management System

- Web platform for patient records, doctor scheduling, appointments and admin reporting with role-based access.
- Modules: Patient Management, Doctor Management, Appointment Booking, Admin Dashboard & Reporting.
- Prepared BRD/FRD, user stories & acceptance criteria; designed registration→booking→consultation→reporting workflows.
- Created UML (Use Case, Activity, Sequence) & BPMN flows; wireframes in Figma / Draw.io.
- Supported UAT with test cases, validation & defect tracking in JIRA; maintained Confluence docs & RTM.

Pair My Trip — Travel Planning & Booking Platform

- Trip discovery, itinerary planning, booking & payments with real-time availability, pricing and booking status.
- Modules: User Profiles, Trip Discovery, Itinerary Planning, Booking & Payment, Reviews, Admin Dashboard.
- Defined API requirements for UPI (Google Pay, PhonePe, Paytm) & card gateways (Razorpay/Stripe); mapped transaction flows, error handling and refund/cancellation processes.
- Performed gap & impact analysis; created UML/BPMN diagrams and UI flows in Figma / Draw.io.
- Coordinated payment-gateway testing with Postman; managed JIRA backlog and UAT end-to-end.

Manufacturing ERP System

- Centralised ERP for inventory, procurement, production, sales and returns with real-time tracking.
- Modules: Inventory, Production Planning, Procurement (PR/RFQ/PO), Quality Control, Sales & Distribution, Transport, Returns, Reporting.
- Defined procurement lifecycle (PR→RFQ→vendor selection→PO→goods receipt) and production processes (work orders, raw-material consumption, quality checks).
- Designed sales flow (order→invoice→transport→delivery) and returns workflow (inspection, approval, scrap).
- Created UML diagrams & BPMN flowcharts; built wireframes for modules and dashboards.

Bureau Chief — Credit Risk & CIBIL Analysis System

- Banking analytics system evaluating creditworthiness via CIBIL scores, financial data and risk indicators.
- Modules: Customer Data Management, CIBIL Score Analysis, Risk Assessment, Loan Eligibility, Reporting Dashboard.
- Analysed credit data — CIBIL scores, repayment history, financial behaviour — to identify risk factors and trends.
- Developed BRD & FRD supporting credit-risk analysis, data-mart design and reporting requirements.
- Analysed customer segmentation & risk categories; facilitated UAT for risk reports and credit insights.

KEY SKILLS

- **Business Analysis:** Requirement Gathering & Analysis, BRD, FRD, Functional & Non-Functional Specifications, Gap Analysis, Impact Analysis, UAT Support, Elicitation (Interviews, Workshops, Surveys)
- **Agile & Project Management:** Agile (Scrum), Sprint Planning & Execution, Product Backlog Management, User Stories & Acceptance Criteria, Estimation
- **Data & Tools:** SQL (Basic Querying), Data Extraction, MS Excel (Pivot Tables, VLOOKUP), Power BI, Tableau
- **Documentation & Modelling:** UML (Use Case, Activity, Sequence, Class), BPMN, Process Flow Diagrams, Wireframing (Figma, Balsamiq), Visio, Draw.io
- **Tools & Collaboration:** JIRA, Confluence, MS Word, PowerPoint, Postman
- **Stakeholder Management:** Stakeholder Communication, Conflict Resolution
- **Additional Skills:** Problem Solving, Critical Thinking, Decision Making, Time Management, Change Management
- **Domain Knowledge:** Banking, Finance, Healthcare, ERP Systems

EDUCATION

B.Sc. in Mass Communication and Journalism

2012 – 2016
